Carla,

I believe this was the final and last requested Item 21 for funding year 2017 sent to you back in October.
I do not see anywhere that we asked for you to remove taxes. There were a few sites that we requested the taxes to be reduced.

We requested that the 10% contingency was removed on most of our sites and that the installation was reduced but I do not believe we requested any taxes be removed.

Can you please confirm that is the case?

Thanks,

Loy Mattison

Carla,

Can you please give me a call ASAP?

Thanks,
